

FATAL SHOOTING BOUNDARY DISPUTE TUCSON

Man Resents Attack by His Neighbor and Death Results.

Pine Grove, Colo., Aug. 26.—While engaged in an altercation over a timber boundary this morning Albert Schaffer, the 18-year-old son of Samuel A. Schaffer, shot and killed Grant McQuary, a ranchman living seven miles from here. It is claimed by eye witnesses to the tragedy that young Schaffer shot in self-defense, McQuary having attacked him with a gasp.

The shooting occurred at the Schaffer home, half a mile from Schaffer crossing. Young Schaffer, with his older brother, Charles Schaffer, had been engaged in hauling timber from the Bell ranch, which adjoins the ranch occupied by McQuary, and they had been working in this capacity for several days.

It is said that McQuary has been watching the two brothers, closely and a few days ago warned them that they had gotten too far over the line. This the Schaffer brothers disputed and continued their work.

Yesterday, it is alleged, McQuary sent them another warning that they were on his land and that he would pay them a visit today, when there would be trouble if they did not cease cutting timber.

About 7 o'clock this morning McQuary proved himself true to his word, put in an appearance at the Schaffer ranch house while the members of the latter family were eating breakfast, and the two brothers were called outside.

As they went out of the door the controversy was renewed and, it is alleged, McQuary picked up a rock and struck Albert Schaffer. He then picked up a piece of a scythe and starting toward Schaffer, swore he would kill him. Schaffer ran to the house, got his rifle and as McQuary raised the pipe to his lips, the latter shot him.

Sheriff Whipple, Assistant District Attorney Patton and the coroner arrived about noon and Schaffer was placed under arrest. It was the intention of the coroner to hold an inquest at once, but on investigation he found there was considerable prejudice and fearing he could not secure an impartial jury, the body was picked up and officers and coroner, with the prisoner, were taken back to Golden, where a jury will be impaneled tomorrow.

The shooting is said to have been witnessed by both a brother and sister of Schaffer. McQuary was nearly 40 years old and is survived by a widow and two children. He has lived near Pine Grove for several years. The Schaffer brothers came to this part of the country seven years ago from Lander, Wyo., and are said to bear a good reputation.

Following the shooting there were rumors afoot of threats of lynching but these were without foundation.

One Man Run Down by Freight and Another by Engine.

Tucson, Ariz., August 26.—Two bodies were taken to town today, unrecognizable remains of men killed this morning by railroad engines. One is an unknown Mexican laborer, said to from this city, who met his death near Pantana this morning. The other body has been identified as that of Clarence George, a painter who has been employed by the Southern Pacific company in this city for some time past. The man who was killed at Pantana today, although as yet unidentified is believed to be a former resident of this city, who has been employed in the Pantana country for some time past.

Little is known here regarding the death of the Mexican, except that his body was crushed to a pulp under a heavy engine.

George, the other man who met such a terrible death, is a painter and when hit by the engine was riding on a track bicycle. Why he was on the track at such an early hour and where he was going yet remains a mystery.

Killed by Engine. He was struck shortly before one o'clock this morning near Palo, a small siding four miles east of this city, and instantly killed. The heavy freight train was coming toward this city and George on a bicycle was going in the opposite direction. According to the railroad men the man was not seen until the train was in a short distance of him, and then, although the steam was shut off, the brakes applied, it was of no use, as the engine was moving too rapidly to be brought to a sudden stop.

One piercing scream emanated from the throat of the doomed man which could be plainly heard above the roar of the onrushing engine, and then the heavy steel monster struck the bicycle, driving it into the air, his body falling on the track, the engine passing over it, cutting it to pieces.

The body is at present at Parker's morgue, and is an unrecognizable mass. An inquest will be held tomorrow morning, when the details of both terrible accidents may be known.

The Limit of Life. The most eminent medical scientists are unanimous in the conclusion that the generally accepted limitation of human life is many years below the attainment possible with the advanced knowledge of which the race is now possessed. The critical period, that determines its duration, seems to be between 50 and 60; the proper care of the body during this period is now possible.
